

JENNIFER M. GRANHOLM  
GOVERNOR

STATE OF MICHIGAN  
DEPARTMENT OF CONSUMER & INDUSTRY SERVICES  
LANSING

DAVID C. HOLLISTER  
DIRECTOR

March 7, 2003

TO: Michigan Governmental Subdivision Clerks

FROM: Bureau of Construction Codes

SUBJECT: [Michigan Uniform Energy Code](#)

The Michigan Uniform Energy Code has been updated and the rule changes have been filed with the Secretary of State. The bureau had anticipated a March effective date on these rules; however, time constraints did not allow the March effective date. While the printed version reflects a March effective date, these rule amendments shall be enforced throughout the state effective April 1, 2003.

The Michigan amendments are attached and amend the energy code to update to the ASHRAE 90.1-1999 standard. By law, these amendments are provided to the clerk of each governmental subdivision. The amendments may also be downloaded from the bureau's web site at [www.michigan.gov/bcc](http://www.michigan.gov/bcc), Administrative Rules and Public Acts.

The amendments may also be purchased from the bureau at a cost of \$2.50. To purchase the amendments, please download a Codes and Standards Order Form from the Quick Links Section on the home page of the bureau's web site at [www.michigan.gov/bcc](http://www.michigan.gov/bcc), or call 517/241-9313 to request the form.

Questions regarding the Michigan Uniform Energy Code may be directed to the bureau's Plan Review Division at 517/241-9328.
